

October 29th, 2026

Start: 17:30

UNB, Currie Centre, Fredericton

Route:

Officially, there will be no set route. You choose your own route. As an example, for those wanting to go longer, follow this link: <https://footpathapp.com/routes/B5E1C5F9-FA9B-4B11-B1A7-F0B2E991A3DF>. The idea is to visit and run around or through the different cemeteries in Fredericton. You choose the number of cemeteries to visit. Visit all of them if you are brave enough. You decide. Have fun. Survivors can meet up afterwards at Picaroons. **Be careful and mindful of traffic as you run/walk along or across city streets.** And, please don't fall into any open pits or graves (Apparently last year someone was nearly swallowed up whole by the earth, in one of the very scary and dark graveyards).

Points will be awarded for visiting the following cemeteries:

1. Loyalist Cemetery - Salamanca Trail (10 points)
2. Christ Church Cathedral - East end of church (10 points)
3. Old Burial Ground - Carleton Street (20 points)
4. Sgoolai Israel Cemetery - Hershel Court (20 points)
5. Bradley-Gill Memorial Cemetery - McEvoy Street (20 points)
6. St. Anthony's Cemetery - McEvoy Street (20 points)
7. Fredericton Rural Cemetery - Woodstock Road (30 points)
8. Fredericton Rural Cemetery Extension - Woodstock Road (40 points)
9. Forest Hills Cemetery - Forest Hills Road (50 points)

Points will be also be awarded for the best costumes:

I will decide on the points while waiting for everyone to return to the start.

Running / Walking:

Measure your time and distance on your GPS. Or, at the very least, let me know the route you used. These details will be "in-putted" into a very complex calculation to come up with some very "scary" results.
